

# *South Dakota*

## ***An Annual Report on Cancer Incidence and Mortality Among South Dakotans, 2016***

# Cancer In South Dakota 2016

## **Preface**

“Cancer in South Dakota 2016” is the 24th annual report from the South Dakota Cancer Registry (SDCR) in the Office of Chronic Disease Prevention and Health Promotion in the Division of Family and Community Health within the South Dakota Department of Health (DOH). The report contains 2016 cancer incidence and mortality data of South Dakota residents.

## **Acknowledgements**

The South Dakota Cancer Registry acknowledges all the Certified Tumor Registrars in hospital cancer registries who work diligently to maintain quality data, hospitals, clinics, physicians, pathology laboratories and other providers and health entities that submit data to the SDCR, and co-workers in the Department of Health.

## **Funding Source**

This publication was funded by the South Dakota Cancer Registry with a grant from the Centers for Disease Control and Prevention – grant number DP006293.

## **Changes in Report**

Age-adjusted rates were calculated using the 2000 US standard million and the US Census Bureau 2002 – 2016 population estimates for South Dakota. Reports published before 2012 used the 2000 South Dakota census population for age-adjusted calculations and are not comparable to this report.

## **Requests for Information**

Data queries, cancer concerns, information, or requests for additional copies (if available) should be addressed to:

Kay Dosch, MA, CTR, SDCR Coordinator  
South Dakota Cancer Registry  
615 East 4th Street  
Pierre, SD 57501-1700  
Phone: (605) 773-6345

## **Suggested Citation**
