Re: Important changes to the All Women Count! Program: **Effective January 1, 2019**

Effective January 1, 2019, the All Women Count! Program's forms have been updated and will need to be utilized beginning the first of the year. Please destroy ALL forms dated prior to January 2019. Updated forms are enclosed.

Why are these changes being made? In order to meet reporting requirements for the federal National Breast and Cervical Cancer Early Detection Program, the All Women Count! Program has made changes to the Enrollment form and Return Visit form (**now combined into one form**), the Pap Summary and Mammogram Summary form. For your convenience, the updated forms are enclosed for use beginning January 1, 2019.
